Art Unit: 1794

1. Applicant's arguments filed 9/29/08 have been fully considered but they are not persuasive.

Applicant urges that 1) Hu at least fail to teach a multifilament fiber comprising at least 5 filaments as recite by claims 12.

Page three of the rejection states Hu teaches the composite is made into fibers (which includes yarn and multifilament fibers). On one hand, the Primary Examiner cited two patent which show the forgoing in US 6,068,919 and 6,114,037 one of which was one patent was prosecuted by the Primary Examiner and Oliff & Berride. On the other hand, Textile dictionary show the term fiber(s) includes yarns and a multifilament is a yarn made from fibers (filaments). Thus one having ordinary skill in the art reading Hu supra would recognize that the term fibers encompasses yarns and multifilament with more than one fiber, which meet claim 12 supra. Thus the rejection is maintained.

Allowable subject matter:

Claims 1, 2, and 6 are allowable. Claims 6—10 and 13 are withdrawn are should be canceled by applicant to place the case in a better condition for allowance.

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

Claim 12 is rejected under 35 U.S.C. 102(b or a) as being clearly anticipated by Hu (WO 03085049 A1) alone or optionally taken with Johnson (WO 0380513 A2) for reason of record.

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Any inquiry concerning this communication should be directed to Primary Examiner Edwards at telephone number (571)272-1521.
